INDEX

THE JOURNAL OF THE AMERICAN SOCIETY OF MECHANICAL ENGINEERS

Volume 40, January—December 1918

TECHNICAL, SOCIETY AFFAIRS AND MISCELLANEOUS SECTIONS

(For Engineering Survey see Separate Index)

D denotes discussion, C correspondence

A

ABBOTT, W. L. Impurities in coal (D).... 610
Storage of coal (D)..... 654
Accessions to the Library..119, 207, 288, 361, 519, 600, 736, 810, 912, 1074
Accident prevention (D)..... 152
in Government nitro plant..... 855
Accounting and cost system, foundry (D). 681
Accuracy vs. precision, and the gage problem (C) 158
Activities of Society for 1917..... 39
ADAMS, E. T. Steam motor in automotive field (D) 125
ADAMS, W. C., necrology..... 176
Administration, chairmen of standing committees of 876
reports of standing committees of... 1062
Aerial laws, Italy to have..... 955
Aeronautical inventors, suggestions to.... 768
situation 185
Aeronautical Society of America, meeting 419
Aeronautics, National Advisory Committee for 98
Agricultural problem 25
Aims and development, committee on..... 875
Air and gas washer, high-speed..... 390
cooling, drying and purification (D).. 141
measurement, commercial methods of.. 225
meter, impact-float 226
Aircraft engine, evolution of the..... 579
problem 32
production (C)..... 465
standards, international 579
Airplane fabrics, properties of..... 933
problems, report on..... 769
program, change in..... 98
Air-propeller action, new theory of..390; (D) 676
propulsion (D) 676
AKIMOFF, N. W. Air propulsion (D).... 676
Recent developments in balancing apparatus (D) 141
ALDEN, FREDERICK A. Expenses and costs (D) 150
ALDEN, J. L. A high-speed air and gas washer 390
ALFORD, L. P. Education of crippled soldier (D) 60
Metric system (D)..... 530
Public interest as the bed rock of professional practice (D).....542, 753
ALLEN, C. M. Efficiency of gear drives... 367
ALLEN, L. H. The workman's home: its influence upon production in the factory and labor turnover..... 453
ALLERTON, ROBERT W. Power test codes (D) 124
Alloys, relative corrosion of..... 829
American Boiler Manufacturers' Association 710
American Concrete Institute, meeting.... 710
American Engineering Service Committee. 251
American Geographical Society, award of Cullom medal to Dr. F. H. Newell by 480
American Institute of Electrical Engineers, meetings 709, 1042
American Institute of Mining Engineers, Denver meeting 858
American Society of Civil Engineers, committee on development of the..712; (C) 694
San Francisco Association of members of 419
twenty-five years' activities..... 164
welcome to 78
American Society of Heating and Ventilating Engineers, meeting..... 709
American Society of Marine Draftsmen, meeting 858
American Society of Mechanical Engineers, nominations for officers..... 250
officers for 1918..... 73
Transactions, a suggested extension of the scope of (C)..... 396
Transactions, more research papers desirable for (C)..... 560
women, relatives of members, opportunity for 403
(See also name of activity of the Society.)
American Society of Refrigerating Engineers, New York section of..... 956
American Society for Testing Materials, meeting 710
American Year Book, book review..... 361
Among the Local Sections....60, 166, 254, 323, 407, 481, 567, 796, 879, 975, 1066
ANDERSON, A. H. Plotting blower-test curves (D) 141
ANDERSON, CLIFFORD S. Indian Hill: a model industrial village..... 557
ANGUS, R. W., portrait..... 253
ANDERSON, J. W. Discussion of certain problems in regard to marine Diesel oil engines 941
Annual Meeting of the Society, 1917..... 1
General account 1
Address of Hon. W. H. Taft 5
Keynote session; Service of Engineer to Public in Times of Crises..... 11
Business meeting 39
Management session 45
Machine shop session 61
Public meeting of Gage Committee... 70
Smoker 79
Excursions 79
Sections session 80
College reunions 87
Power test hearing..... 123
Discussion of power-plant papers.... 125
First general session..... 141
Second general session..... 149
Textile session 152
Annual Meeting, New York, 1918, plans for Program 974
Announcement 1059
ANTOSCH, WILLIAM, necrology.....1068
Applied motion study, book review..... 360
ARCHER, EDWARD E., necrology..... 802
Army engineers, how to join..... 314
transportation 31
ARNOLD, G. L. H. Factory stairs and stairways 928
ASHTON, H. C., portrait..... 252
Atlanta Section.....81, 84, 323, 407, 797, 1067
Automobile show, New York..... 184
Automotive Engineers, Society of (*see* Society of Automotive Engineers).
Aviation Section, rules for enlistment of men of draft age in..... 185
AYARS, W. S. Education of crippled soldier (D) 54
AZBE, VICTOR J. Fuel oil as a substitute for coal (D)..... 618
Smoke prevention (D)..... 660

B

Baffles in boiler tubes, effect upon fuel economy of different arrangements of.. 737
Bagasse as fuel (D)..... 125
fuel value of..... 136
BAGLEY, G. D. Conservation of heat losses from pipes and boilers..... 918
Insulation (D)..... 659
BAILEY, ALEX. D. Economic effects of impurities in coal (C)..... 694
Fuel problem in Middle West (D).... 684
portrait 252
Power test codes (D)..... 125
BAILEY, ERVIN G. Desirable boiler-room instruments as aids for saving coal (D) 629
BAILEY, LIBERTY H. The agricultural problem 25
BAKER, CHARLES WHITING. The national sections should always coöperate with local societies (C)..... 467
Balancing aparatus, recent developments in (D)..... 141
BALDWIN, W. J. Apparatus for cooling, drying and purifying air (D)..... 141
Balancing apparatus (D)..... 147
BALLOU, H. W. Oil fuel in New England power plants 450
Balls, steel, elastic indentation under pressure 386
Baltimore Section....81, 254, 323, 407, 568, 797
BANCEL, PAUL A. The cooling of water (C) 314
Banking, research and management, manufacturing in relation to..... 459
BARKER, P. Coal conservation (D)..... 306
BARKLEY, J. F. Heat transfer (D)..... 143
BARNABY, C. W. Our industries and the war (D) 304
BARR, H. A. Fuel oil as a substitute for coal (D) 618
BARRUS, GEORGE H. History of power test committee 123
BARTH, CARL G. Expenses and costs (D) 151
The income tax—an engineer's analysis 839
BARTON, GEORGE EDWARD. Education of crippled soldier (D)..... 54
BATES, EDWARD C., necrology..... 802
BAYFIELD, HENRY ARTHUR, necrology..... 485
Bearing, self-adjusting spring thrust..... 393
metals, sub-committee on, correspondence on suggestions for the conservation of tin..... 854
BEDELL, C. H. The submarine..... 149
BEDFORD, ALFRED C. The fuel-oil situation 606
BEECROFT, DAVID. Education of crippled soldier (D) 60
BEEKLEY, WALDRON C. Preventing coal wastes (D)..... 133
BERSON, A. C., necrology..... 979
BENTLEY, O. D. H. Small turbines (D).. 128
BERG, ESKIL. Advantages of high pressure and superheat as affecting steam-plant efficiency 742
BERGEN, ARTHUR H., necrology..... 1068
BEST, W. N. Fuel oil as a substitute for coal (D) 615
BETHEL, J. N. Woman worker (D)..... 49
BEYER, DAVID S. Accident prevention in textile industry (D)..... 152
BIGELOW, CHARLES H. Labor problem (D) 153
BIGELOW, W. D. Steam in the canning factory (D) 543
BINGHAM POWELL, H. J. Certification of gages (D) 72
BIRD, W. W. A foundry cost and accounting system.....370; (D) 542, 681, 684
Principles of iron founding, book review 287
Birmingham Section....81, 170, 323, 407, 481, 568, 797, 880, 976, 1067
BISSELL, G. W., portrait..... 252
BLACKBURN, A. H. Adaption of mechanical stokers and limiting factors to use in small plants (D)..... 642
BLAKE, FRANK E. Woman worker (D)..... 50
Blast-furnace engines, volume regulator for 224; (D) 149
BLAUVELT, ALBERT, necrology..... 882
BLAUVELT, W. H. Coke in by-product ovens in U. S. (D)..... 657
BLESSING, G. F. Woman worker (D)..... 51
BLONCE, W. A., necrology..... 979
Blower-test curves, plotting (D)..... 141
Boiler Code, revision of....234, 315, 398, 468, 562
Boiler Code Committee, work of..156, 234, 315, 397, 561, 853, 1040
Boiler laws, uniform..... 1038
plants, some factors in fuel economy in 848

PAGE

Boiler tubes, effect upon fuel economy of different arrangements of baffles in. 737
Boilers and pipes, conservation of heat losses from 918
BOLTON, R. P. Temperatures and their duration during the heating season 689
BOND, GEORGE M. Tribute to Prof. F. R. Hutton 476
Bookkeeping and cost accounting for factories, book review..... 885
Books and more books..... 439
Book notes and reviews....118, 206, 287, 359, 439, 516, 598, 734, 803, 885, 982, 1072
Boston Section.....81, 84, 171, 254, 323, 407, 481, 569, 798, 976, 1067
Address on Man Power at meeting of 464
Boston Society of Civil Engineers, meetings, ...340, 419
BRADY, J. H. School heating (D)..... 659
BRASHEAR, JOHN A. Great Canadian reflecting telescope 478
Tribute to Prof. F. R. Hutton..... 477
BRECKENRIDGE, L. P. Fuel problem..... 27
Preventing coal waste (D)..... 132
Problem of coal conservation..... 305
Remarks at 1918 Spring Meeting..... 549
BREWER, ARTHUR H. Labor problem (D). 153
Bridge, mechanical features of the vertical-lift 938
Bridgeport Section (*see* Connecticut Section)
BRIGGS, C. A. Elastic indentation of steel balls under pressure..... 386
Metric system (D)..... 530
BRINK, H. L., portrait..... 253
British electrical power plan to save coal. 186
British Engineering Standards Association, summary of work of..... 1005
work on screw threads and limit gages 1007
British machine tools..... 1041
parliamentary commission on the metric system 582
scientific societies, conjoint board of. 340
thermal gas unit proposed as U. S. standard 714
BROMLEY, C. H. Fuel conservation (D). 310
BROOKS, E. A. Uniform boiler laws..... 1038
BROOKS, MORGAN. New theory of air-propeller action .....390; (D) 676
BROTHERHOOD, ROWLAND SPENCER, necrology 91
BROWN, R. P. Desirable boiler-room instruments as aids for saving coal (D) 632
BROWN, W. CLINTON. Steam motor (D).. 140
BROWN, W. S. Daylight vs. sunlight in sawtooth-roof construction..... 1025
BRUEGEL, A. T., necrology..... 176
BRYAN, WALTER E. Coal economies in residence heating (D)..... 649
Coal economies in small steam plants (D) 650
Desirable boiler-room instruments as aids for saving coal (D)..... 633
Storage of coal (D)..... 653
BRYANT, R. F. Munitions inspection (D) 70
BUCKINGHAM, EARLE. Gage problem (C). 158
Buffalo Section.....82, 84, 171, 254, 323, 407, 482, 798, 1067
Bullets deadly to planes, new U. S..... 339
BUNNELL, S. H. Our industries and the war (D)..... 304
Bureau of Mines, fuel conservation by.... 308
Bureau of Standards, U. S...100, 187, 341, 498
certification of gages.....70, 251
BURHORN, EDWIN. Cooling of water (D). 137
BURKHARDT, OTTO M. Problems in crankshaft design 212
BURLINGAME, LUTHER D. Broader fields of usefulness for the A.S.M.E. sections (C) 314
Labor turnover (D)..... 767
Standards for large taper shanks and sockets 1014
BURNHAM, R. F. Labor problem (D).... 153
BURNHAM, WILLIAM, necrology..... 330
BUSHNELL, FRED N., biographical notice.. 76
BUTTERWORTH, J. F. The crippled soldier (C) 313
By-Laws of A.S.M.E. Sections; what they permit and encourage..... 209

C

CALDER, JOHN. Labor turnover (D)..... 767
CALDWELL, GEORGE G., necrology..... 1068
Camp Devens, illustration..... 528
Canning factory, investigation of the uses of steam in the..... 373
industry, economies in manufacturing in the 686
Cantonment-construction problem, solution of the 35

PAGE

CAPP, J. A. Suggestions for the conservation of tin (C)..... 854
Carbocoal, plant to make..... 855
CARDULLO, FORREST E. Munitions inspection (D) 68
portrait 252
CARY, ALBERT A. Burning of soft coal without smoke in marine boilers (D) 619
Economies in making brick settings leakless (D) 638
Impurities in coal (D)..... 612
Preventing coal waste (D)..... 130
Storage of coal (D)..... 652
Wood as a fuel and extent available (D) 643
Candidates for membership...91, 179, 262, 332, 414, 487, 574, 703, 804, 890, 987, 1078
CARLE, N. A. Power test codes (D)..... 125
CARRIER, WILLIS H. Moisture content of textiles (D) 156
CARTER, EMMET B. Preventing coal waste (D) 129
CARTY, JOHN J. (Col.), presentation of Edison medal to..... 480
Casing-head and natural gas, recovery of gasoline from 834
CASSIDY, EDWARD. Education of crippled soldier (D) 56
CASSIDY, JAMES E. (Major). Conditions and requirements of warfare..... 551
Cast-iron vessels, French method of tinning 268
Cast-iron, wrought-iron and steel pipe, the relative corrosion of, in house drainage systems 945
Catalogue studies 102
CATHCART, WILLIAM L. Preventing coal waste (D) 132
Certificates, prices of..... 166
Certification of gages..... 251
CHANNING, J. PARKE, chairman of the Engineering Council 320
Man power (address)..... 464
CHAPIN, W. C. The elastic indentation of steel balls under pressure..... 386
CHAPMAN, FRANK T. Coal economies in residence heating (D)..... 644
Chemical industries, fourth national exposition of 956
CHENEY, H. B. Our industries and the war (D) 303
Chicago Section....82, 84, 324, 408, 482, 798, 880, 976, 1067
Chicago technical societies organize for war work 712
Child labor increasing..... 1042
CHILDS, W. H. Our industries and the war (D) 303
CHRISTIE, A. G. Coal economies in small steam plants (D)..... 650
Cooling of water..... 140
Desirable boiler-room instruments as aids for saving coal (D)..... 633
Power test codes (D)..... 124
Small turbines (D)..... 126
Storage of coal (D)..... 654
Utilization of anthracite wastes (D). 629
Wood as a fuel and extent available (D) 644
Cincinnati Section.....82, 408, 482, 798
Civil Engineers (*See* American Society of Civil Engineers)
CLARK, IRVING G. Address at 1918 Spring Meeting 550
Classification of trade personnel..... 477
CLAWSON, F. A. Our industries and the war (D) 305
Cleveland Section.....879, 976
CLOCK, E. E. Safety education (D)..... 547
Coal, conservation of (C)..... 56
conservation, problem of..... 305
economic effects of impurities in (C). 694
impurities in Pennsylvania, limiting.. 604
waste of (D)..... 125
COBURN, F. G. Naval constructor, Navy factory's year record in building flying boats under the direction of.. 795
COBURN, HOWARD L., necrology..... 882
Code, Boiler (*See* Boiler Code)
Codes, Power Test, A.S.M.E., first public discussion of..... 123
COEY, S. C. Accident prevention (D).... 155
Coke, by-product, and coking operations... 149
COLE, E. L. Limiting coal impurities in Pennsylvania 604
College reunions at Annual Meeting, 1917. 87
students at army training camps..... 581
COLLINS, B. R. T. Cooling of water (D). 137
Elements of fuel oil and steam engineering, book review..... 803

PAGE

Committee (*see* name of committee)
Committees, new appointments on A.S.M.E. 161
progress of the Society's technical.. 792
Compressed Air Society, adoption of certain definitions 685
Compressors, air, regulating..... 224
Concrete barge and ship construction, the development of..... 292
craft may operate on canals..... 97
ship for U. S., 4500-ton..... 97
Condensed catalogues, eighth volume of... 875
Connecticut Section.....82, 1067
session on fuel conservation..... 305
Bridgeport Branch.....408, 482, 798, 880
Hartford Branch.....255, 482
Meriden Branch.....171, 255, 408, 569
New Haven Branch.....408, 482, 976
CONNELL, F. V. B. Balancing apparatus (D) 147
CONRAD, HUGH V. Power test codes (D). 124
Conservation of coal (C)..... 56
of tin, suggestions for the (C)..... 854
Constitution and by-laws, report of committee on..... 1066
proposed amendment to..... 530
Constitutional changes, desirable..... 564
Converting a factory for munitions manufacture 540
COOK, G. W. Safety education (D)..... 548
COOKE, M. L. The public interest as the bed rock of professional practice 382; (D) 749
COOKE, STANLEY S., necrology..... 1068
COOLIDGE, C. E. Munitions inspection (D) 69
Cooling air, apparatus for..... 141
losses in internal-combustion engines as affecting their design..... 1021
of water (D) 125; (C)..... 313
CORDES, PAUL H., necrology and portrait.. 1068
Corn cobs, products derived from..... 496
Correspondence (*See* also subject), 157, 247, 313, 394, 465, 560, 693, 789, 854, 970
Corrosion of alloys, the relative..... 829
relative, of cast-iron, wrought-iron and steel pipe in house drainage systems 945
Cost-accounting system, foundry, 370; (D) 681
Costs, expenses and (D)..... 149
Cotton convention and exposition..... 493
Cotton Manufacturers' Association, award of medal to John A. Stevens..... 479
Council Notes (Abstracts of minutes of council meetings of the Society), 76, 162, 318, 402, 471, 563, 971, 1056
COWDREY, IRVING H. Effect of moisture reabsorption on compressive strength of air-dried timber..... 363
COYLE, ANDREW M. Our industries and the war (D)..... 305
Crank-effort diagrams, cross-current predeterminations (D)..... 141
Crankshaft design, problems of..... 212
CRAVER, HARRISON W. Machinery's Encyclopedia, book review..... 287
Cripple, education of the..... 51
Crippled employees are able to make good (C) 790
soldier (C)..... 313
CRISSEY, C. P. Balancing apparatus (D). 146
Small turbines (D)..... 127
Volume regulator (D)..... 149
Cross-current predeterminations from crank-effort diagrams (D)..... 141
CULLAMORE, A. Education of crippled soldier (D) 58
Cullom medal for Dr. F. H. Newell..... 480
CURADO, A. L. Education of crippled soldier (D)..... 55
Curves, plotting blower-test (D)..... 141

D

DAKE, CHARLES W. Steam turbine (C)... 160
DALE, SAMUEL S. Metric system (D)..... 530
DANFORTH, R. H. Munitions inspection (D) 67
DAVID, J. P., necrology..... 177
DAVIS, CHARLES E. Munitions inspection (D) 69
Daylight vs. sunlight in sawtooth-roof construction 1025
Dayton engineers' club and its new building 697
DEAN, AMBROSE B. Labor problem (D).. 153
DEAN, F. W. Work of E. D. Leavitt..... 149
DE BAUFRE, W. L. A new system of regenerative evaporation..... 746
Power test codes (D)..... 124
DE BLOIS, L. A. Safety education (D).. 548
The safety engineer..... 543
DE BOTHEZAT, G. Air propulsion (D).... 677
DECHERD, C. K., portrait..... 253
DELEEUW, A. L. Expenses and costs (D) 150
Logic of inspection, 61; (C)..... 248

DELANY, C. H. Fuel oil as a substitute for coal (D) 616
Power test codes (D) 123
DENMAN, R. J. Adaption of mechanical stokers and limiting factors to use in small plants (D) 641
Coal economies in residence heating (D) 649
Coal economies in small steam plants (D) 650
Desirable boiler-room instruments as aids for saving coal (D) 633
Storage of coal (D) 653
DENSMORE, J. B. Labor turnover (D) 768
Detroit Section 171, 482, 799, 880
Development of the A.S.M.E. committee on 794
of an industrial city, the 524
proposed, committee on 694
DICKIE, GEORGE WILLIAM, necrology 881
DIEDERICHS, H. Suggestions for the conservation of tin (C) 854
DIEMAN, W. L., necrology and portrait 260
Diesel oil engines, marine, discussion of certain problems in regard to 941
Dilution of labor as a national necessity 1033
DIMAN, GEORGE H. Coal economies in small steam plants (D) 650
Economical hand-firing of boilers with soft coal (D) 635
DIMAN, W. G. Utilization of anthracite wastes (D) 625
DISERENS, PAUL. Recovery of gasoline from casing-head and natural gas. 834
DIXON, R. M., necrology and portrait 979
DODGE, A. R. Desirable boiler-room instruments as aids for saving coal (D). 631
DOLLAR, W. M. Industrial production 310
DOUGHERTY, P. J. Coal economies in residence heating (D) 648
DOUGLAS, JAMES, necrology 699
DOUTY, D. E. Accident prevention (D) 155
Drainage systems, house, relative corrosion of cast-iron, wrought-iron and steel pipe in 945
DRURY, HORACE B. Education of crippled soldier (D) 56
Drying air, apparatus for 141
Dues of members being remitted 565
Duluth engineers at get-together dinner 567
DUNCAN, W. G. Accident prevention (D). 154
DUNN, B. W. General principles of government inspection and relations between inspectors and manufacturers 65
DUNN, GANO. Engineering societies in the national defense 17
Welcome to Civil Engineers 78
DUNTON, W. R., Jr. Education of crippled soldier (D) 56
DURAND, W. F. Aircraft problem 32
Duration of temperatures during the heating season 689
DURFEE, W. C. Air propulsion (D) 680
DURLEY, RICHARD J. Certification of gages (D) 72

E

EAGER, WILLIAM G. Effect upon fuel economy of different arrangements of baffles in boiler tubes 737
Economical use of fuel, symposium contributed to 1918 Spring Meeting at Worcester, see special topical index. 601
Edison medal presented to Col. John J. Carty 480
Education and special training, War Department committee on 955
engineering, a study of 1060
of cripples 51
safety and welfare work in the engineer's 545
special, in time of war 21
Effects of impurities in coal, economic (C) 694
EGGLESTON, L. W. Coal economies in residence heating (D) 647
Elasticity and inertia, method for determination of stresses in machines with reference to 383
Electric heating of molds 388
Electric power, comparison of its uses by cities on western coast of U. S. 536
ELLIOTT, B. G. Preventing coal waste (D) 132
ELSAS, OSCAR, portrait 252
Empirical formulas, book review 118
Employment bulletin 94, 181, 264, 335, 415, 489, 575, 706, 808, 888, 983, 1076
Employment methods as followed by the Norton companies 558
of labor 1030
Enfield rifle, new U. S. 421
Engineer depot, new department of 855
officers' training school, at the 981
Engineer, the cripple and the new education 51
Engineering and management, relation 121
Engineering articles, selected titles of 730, 811, 893, 990, 1080
Engineering Council:
A. D. Flinn appointed Secretary 165
Engineers in Government service 251
New officers of 320
War Committee of Technical Societies 402
Submarine engineer officers wanted 477
Review of organization 531
Engineering education, a study of 1060
Engineering Foundation:
A. D. Flinn appointed secretary 165
Ambrose Swasey's second gift to the Foundation 973
Engineering societies and their obligations to the public 882, 749
societies and the National Research Council, the national 825
societies in the national defense 17
Engineering Societies Library, recent gifts to 516
Engineering Societies Building, illustration (facing) 1
Engineering Survey (*see* separate index)
Engineers in Government service 251
of the U. S. Army, Corps of 183
their responsibilities and obligations to the public: discussion at 1918 Spring Meeting 749
Engines, blast-furnace, volume regulator for 224
discussion of certain problems in regard to marine Diesel oil 941
internal-combustion, cooling losses in as affecting their design 1021
Environment, psychology of 48
ERDMAN, A. W. Certification of gages (D) 72
Munitions inspection (D) 69
Erie Section 82, 84, 171, 569, 799
Evaporation, a new system of regenerative 746
Evaporators, comparative performance of 377
Excursions at annual meeting, 1917 79
Executives and workers, industrial organization as it affects 1031
Expenses and costs (D) 149

F

FABER, D. C. Coal economies in small steam plants (D) 650
FABER DU FAUR, ADOLPH, necrology 882
Fabrics, airplane, properties of 933
Factory for munitions manufacture, converting a 540
investigation of the uses of steam in the canning 373
production, the influence of the workman's home upon labor turnover and 453
stairs and stairways 928
FALES, G. L., necrology 260
FAWCUS, THOMAS, necrology 330
FEHR, R. B. The relative corrosion of alloys 829
FEISS, RICHARD A. Public interest as the bedrock of professional practice (D) 750
FERGUSON, HOMER L. The war's effect on merchant shipbuilding 298
FERNALD, ROBERT H. Gas-producer development (D) 654
FESSENDEN, E. A. Heat transfer (D) 141
Surface resistance (D) 146
Finance committee, report of 1062
Fire protection in manufacturing plants 842
problems and hazards in war times, some economic aspects of 441
FISCHER, L. A. Certification of gages (D) 70, 72
FISH, E. H. Employment methods as followed by the Norton companies 558
FISHER, BOYD (Capt.) Labor turnover (D) 767
Fittings and valves for high hydraulic pressures 952
Flanges and pipe fittings, report of the committee on standardization of 850
FLETCHER, CARL J. Coal economies in small steam plants (D) 650
impurities in coal (D) 609
FLINN, ALFRED D. Secretary of cooperative activities (biographical notice) 165
Flotation of ships 185
FOLLER, C. S., necrology and portrait 260, 261
FOLLOWS, GEORGE H. Safety and welfare work in the engineer's education 545
Food administration, conservation of ammonia urged by 675
FORD, HENRY RUTGERS, necrology and portrait 90
FORD, JOHN D. (Rear-Admiral), necrology. 485
Founder societies welcome Civil Engineers 78
Founding, iron, principles of, book review. 287
Foundry, cost and accounting system, 370; (D) 681
FRANKLIN, M. W. Safety education (D) 548
FREELAND, E. C. Bagasse as fuel (D) 125
FREEMAN, J. R. The development of concrete barge and ship construction 293
FREEMAN, JOHN R. Demolishing an abandoned factory chimney, note on 555
Tribute to Prof. F. R. Hutton 477
French books sent from the war zone 696
FRENCH, F. J. Notes on shipbuilding 289
FRESHNEY, SAMUEL A., necrology 1069
FREY, WILLIAM P. Utilization of anthracite wastes (D) 626
FRITZ, JOHN. (*See* John Frits)
FRY, LAWFORD H. Transfer of heat (D) 141
Fuel administration, census of power-plants by 403
in Missouri 854
of Massachusetts, bulletin of advisory engineering committee of 692
organization chart 692
urges burning more wood 99
administrators, work of the 380
conservation 305
conservation by the Bureau of Mines. 308
conservation in the petroleum industry (C) 789
conservation, the Government's plan for 603
economical use of, symposium contributed to 1918 Spring Meeting at Worcester, see special topical index 601
economy in boiler plants, some factors in 848
economy, the effect of different arrangements of baffles in boiler tubes upon 737
oil and steam engineering, elements of, book review 303
oil conservation meeting in Chicago 1041
oil situation, the 906
problem 27
problem in the middle west, investigation of the 379; (D) 634
question, high-speed motor and the (C) 394
report on pulverized fuel (C) 395
saving in house-heating boilers, pamphlet on 1057
saving through operating economies in electric street railways 267
FULLER, B. D. Foundry cost and accounting system (D) 681

G

GABOURY, JOHN D., necrology 802
Gage committee, public meeting at Annual Meeting, 1917 70
problem (C) 158
Gages, certification of 70, 251
limit, work of British Engineering Standards Association on 1007
thread, measurement of 913
Gaging for screwed parts (C) 157
GALBRAITH, G. W., portrait 252
GALLOUPE, FRANCIS E., necrology 329
GANTT, H. L. Expenses and costs (D) 149
GARFIELD, H. A. Letter from fuel administration to the Society commending fuel symposium 696
Gas washer, high-speed 390
Gasoline from casing-head and natural gas, recovery of 834
Gaudry, Jules, the oldest French engineer. 582
GAYLORD, W. W. Valves and fittings for high hydraulic pressures 952
Gear dives, efficiency of 887
GEBHARDT, G. F. Plotting blower-test curves (D) 147
GEIER, FREDERICK AUGUST, biographical notice 75
GERHARD, W. P. Relative corrosion of cast-iron, wrought-iron and steel pipe in house drainage systems 945
GERMAN, A. J. Coal conservation (D) 307
Impurities in coal (D) 612
German textile substitute 581
textile use of nettles 420
GEITS, FRANK E., necrology 1069
GILBRETH, FRANK B. (Major). Expenses and costs (D) 150
The engineer, the cripple and the new education 51
Woman worker (D) 50
GILBRETH, L. M. The engineer, the cripple and the new education 51
Glass, surface resistance of (D) 141
GLAZEBROOK, SIR RICHARD. The work of the British Engineering Standards Association screw threads and limit gages 1007
GLEASON, KATE. Woman worker (D) 50
